*Tuesday, January 03, 2017 : Special editorial by Jon Stewart from Forbes.*

(<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

**Recently Hawking made some comments in an interview with Anderson Cooper about a brain booster that would become the biggest event in human history**

Stephen Hawking credits his ability to function and maintained focused on such a high level to a certain set of "smart drugs" that enhance cognitive brain function and neural connectivity, while strengthening the prefrontal cortex and boosting memory and recall.

In an interview with Anderson Cooper, Stephen Hawking said that his brain is sharper than ever, more clear and focused and he credits a large part to using **Intellux** (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>). Hawking went on to add "The brain is like a muscle, you got to work it out and use supplements just like body builders use, but for your brain, and that's exactly what I've been doing to enhance my mental capabilities".

Everyone that has taken this, from athletes like Tom Brady to musicians like Kanye West have nothing but praise for the brain booster, which doubles IQ, skyrockets energy levels and connects areas of the brain not previously connected. Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) works so well for these guys, we had to ask... Is it safe?

## After 7 years Harvard Scientists Finally Break New Ground & Usher In The Future Of Brain Science With Invention Of New Smart

## Drug That Increases IQ, Memory And Focus Up To %100

Over a decade ago Harvard assembled a team of neuroscientists to work on coming up with a natural brain supplement that could **effortlessly boost IQ**.

Today, those scientists made the breakthrough they were seeking and made the **discovery of a lifetime**. They came up with a brain boosting smart drug that surpasses all limits of known science.

The Supplement they created is now THE best treatment available to improve memory, sharpen attention, increase focus and **boost overall IQ**.

After numerous rounds of testing results were astonishing. One test subject was quoted as saying:

*"As soon as I took it started working within minutes of taking it. All of a sudden, it felt like a dark cloud had been lifted up from in front of me. I was more alert, more focused, had long lasting energy, and experienced a mental clarity that I'd never felt before" – Ben Lishger Harvard Sophomore."*

The Lead Researcher on the team Dr. Rosenhouse gave us an exclusive inside look at the ingredients that make up this revolutionary smart drug:

*"It is engineered with all the ingredients containing vitamins and essentials that your brain needs to ensure improvement in all aspects of cognitive growth, while including short and long term memory, focus, energy, problem solving capabilities and **total brain performance**."*

*We are all very grateful to have this now, as I believe it can help everyone on the planet and take us to the **next stage of evolution**. We're very proud."*

His associate Dr. Cortigan went on to say:

*"This revolutionary **brain booster** (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) enables your brain to be the most efficient it can. It energizes the tissue and functions deep at a cellular level. It makes your brain cells perform their task genuinely and **keeps away all kinds of mental fatigue or weakness**. Its truly a remarkable breakthrough."*

But what does this all mean for the rest of us? Could this pill **help ordinary people like you and me?**

The only way to find out is to try it and luckily The Harvard team has patented and sold the rights to major manufacturers who currently have a **limited 3 month supply**.

For me, my major concern is my work. I feel taking this brain supplement could help improve my work and increase my income.

Sometimes, just **one simple decision** can drastically change the course of your life. Literally, one click could be the difference between living paycheck to paycheck and taking a bus to work to owning mansions, yachts, private jets and **never ever having to worry about money ever again**.

As Warren Buffett famously says *"the more you learn, the more you earn"*.

Are you ready to take the next step in **improving your life, feeling sharper and smarter than ever before and making millions or billions in the process?**

*"I wouldn't have developed my patent formula if not for this **amazingly incredible brain supplement** (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)."* – says Dr. Rosenhouse

Are you ready to find out if this can work for you? We already ordered ours and will be writing a follow up piece on the results, we encourage you to do the same.

**The only thing you have to do is try it and see for yourself.** Who knows, maybe this could be the one little decision that changes your life. Write us and let us know. Best of luck!

<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>

CNN broke the news first and uncovered that Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) raises levels of focus and performance every day by 300%.

As we researched, we began to see that this supplement has been quickly gaining traction around the world. Celebrities and athletes alike are already rumored to be taking the pill with the full scale public release expected shortly. The company and product is called Intellux. The site claimed that Intellux contained a very unique formulation of natural vitamins and minerals which together unlock untapped parts of the human brain. Our resident brain scientist Dr Raqif conducted his own independent analysis of the supplement and his findings seemed to mirror Intellux's claims. According to Dr Raqif, "he's never seen a food based supplement deliver such a profound upward lift in brain function before".

Genius Steven Hawking has Admitted To Using Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) To Triple His Memory.

## We tested it ourselves - did it live up to the hype?

After our research led to such positive reviews, we simply had to try Intellux ourselves to verify whether this was all hype. Almost every single man in the building volunteered to test it out but we chose our very own Anderson Cooper. Below is his account of using Intellux over a 4 week period.

(<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

### 14 Day Summary - Anderson Cooper's Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) Results:

Anderson has been with us for years. "The Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) pills were extremely hard to come by" says Cooper. He goes on to say, "If you can get your hands on these pills - get them right away." We had to wait 2 weeks before we got a bottle to test as it was sold out almost everywhere or over \$300 a bottle from people trying to sell it for profit eBay People were paying top dollar for them on there.

The free trial bottle of Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) was delivered in a few days from ordering and with surprisingly inexpensive shipping. Before putting Cooper on the test, our team ran a little bit of our own research before we put Cooper on the test and found:

**Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) has been clinically proven to:**

- Sky-rocket Concentration by 312%

## Anderson Cooper's 14 DAY Intellux EXPERIENCE

(<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

### DAY 1

I took one and forgot all about it. Maybe 20-30 minutes later I felt odd. I can only describe it by saying my mind felt calm and still. I was playing a Men's mind game' and scored 100% on every answer. It was like that feeling you get when you have just woken up. Light headed so to speak but this was different. I was light headed and spaced out but in the zone at the same time. Can't explain it - but it was awesome.

### DAY 5

I was shocked at the drastic results. Over the course of the next 5 days I found myself bouncing out of bed and felt ready to take on the day - usually I need to snooze 3 times. I felt motivation to get stuff done and often power through.

(<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

### DAY 14

After 14 days, not only had all my doubts and skepticism absolutely vanished - Thing's that annoyed me were no longer an issue. I hardly got stressed and when I did, I was able to control my emotions and get back into peak performance and state.

## My Thoughts on Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

Intellux (<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>) is the real deal. The increase in focus, creativity and overall mental performance was a little bit scary to be honest - I felt like a different person. I didn't notice any side effects at all either. I need to order a box of these before they are released into stores. - Anderson Cooper

(<http://affiliate.plntracker.com/rd/r.php?sid=87&pub=370013&c1=dbSTAVON&c2=&c3=>)

"The results were unbelievable. Every aspect of my mental performance accelerated from day 1. A must try" - Bill Gates's Last Interview With CNN

With the full market release of the supplement scheduled for later this year, Intellux is bound to make a splash. Experts say government intervention is likely to limit the release of the supplement due to its potent effects. That said, the company is offering limited bottles of the supplement for the next few weeks. See below a men's health special promotion for you to get a discounted bottle of Intellux today.
